

Vitrail

Vitrail opaque paint

Properties :

- Vitrail opaque paint from PEBEO's Vitrail range allows for experimentation with opacity and transparency.
- Easy to use, it is accessible to all for the decoration of glass and canvas surfaces.
- Vitrail opaque is a range of 10 solvent based colours.

Quality: Opaque effect, luminous colours.
Solvent based, ready to use colours.
Brush and sponge application.
Good light fastness.

Colour mixability : Colours can be mixed together.

Drying : 1 hour to the touch, completely dry after 8 hours. Drying times can vary depending on the thickness of the application, and the temperature and humidity of the room where the product is applied.

Surfaces : Glass, mirror, polyester, acetate, canvas, metal...

Thinner : Odourless mineral spirit or white-spirit.

Opacity : Opaque colours.

Finish : Brilliant, Glass paste effect.

Caring (decorated surfaces) : After drying, the colour bears a light wash without soaking.

Number of colours : 10 colours.

Packaging : 45ml bottle - all colours.

Product Usage :

- Pébéo's Vitrail opaque is applied with a brush or a sponge to all carefully degreased surfaces.
- Mix the colours thoroughly with a stick prior to use.
- Can be used with Vitrail transparent colours for creating contrasts between transparency and opacity.
- Vitrail Opaque colours may also be used with the bowl technique.
- Can be used with Vitrail Cerne Relief outlineurs.
- Objects decorated with Vitrail colours should not be considered for practical usage and are intended for decorative purposes only. Furthermore only surfaces not destined to be put in contact with food should be decorated.
- Keep out of reach of children. If swallowed seek prompt medical attention and present the packaging or label.
