Hold the pencil tightly with one hand and sharply plane layers of the pencil at a 30° angle to its point. You can adjust the blade by gently loosening the thumbscrew and using your thumbs to push the clamp up or down to regulate the depth of cut.

**Thumb Screw**

**Clamp**

**Blade**

**Body**

We hope you enjoy using your Høvel as much as we enjoyed creating it! For further instructions on assembly and use please visit the link or scan our QR code below.
