|  | <b>Product Safety Information</b>                                    |  |
|   | <b>Zest-it® Citrus Free Solvent</b>                                  |  |
|   | <b>contains</b>  |  |
| Zest-it® and the Logo are registered Trade Marks of J and T Blackman Ltd          | <i>Aliphatic Hydrocarbon:<br/>(Proprietary Blend of Hydrocarbon)</i> | <b>July 2020 ZCFS1</b><br>Two Pages  |

|                              |  |                       |                 |
|------------------------------|--|-----------------------|-----------------|
| <b>Hazard Identification</b> | <b>Aspiration: If product is swallowed and the person vomits and the vomited liquid aspirated into lungs may cause bronchopneumonia.</b> |                       |                 |
| <b>Flammability</b>          | Non-flammable (Flash Point 72°C)   | <b>Vapour Density</b> | 4.9@80C (Air=1) |
| <b>WEL</b>                   | Not applicable   |                       |                 |

|                            | <b>Fire Fighting</b>           | <b>Precaution</b>  |  |
|----------------------------|--------------------------------|--|--|
| <b>Extinguishing Media</b> | Soil; Sand. CO <sup>2</sup> ;  | Do Not use water jet as tends to spread the fire.  |  |
| <b>Unusual Fire Hazard</b> | May produce dense black smoke. | Vapours are heavier than air and may travel along the ground to nearby sources of ignition.        |  |
| <b>Specific Hazard</b>     | Avoid breathing the smoke.     | Burning product will liberate carbon dioxide (CO <sup>2</sup> ) and possibly carbon monoxide (CO). |  |

|                   | <b>First Aid</b>   | <b>Medical action</b>  |
|-------------------|--|--|
| <b>Inhalation</b> | Supply fresh air   | In case of complaint consult a doctor  |
| <b>Ingestion</b>  | Rinse mouth; drink water or milk; DO NOT induce vomiting;    | If vomiting occurs keep head low; get immediate medical attention.                   |
| <b>Skin</b>       | Remove wet or soaked clothing or shoes.                      | Wash the skin with soap and water.   |
| <b>Eyes</b>       | Splashes may cause redness. Flush eyes with plenty of water. | Continue to rinse for up to 15 minutes. If irritation occurs seek medical attention. |

| <b>Exposure</b> | <b>Personal Protection</b>                          | <b>Precaution</b>                                      |
|-----------------|---|--|
| Ventilation     | Natural ventilation will suffice in most instances. | Do not inhale mists or aerosols                        |
| Respiration     | None required in normal use.                        | Avoid spraying.  |
| Eye             | None required in normal use.                        | Safety glasses if splashing probable.                  |
| Skin            | None required in normal use.                        | Nitrile gloves for 'wet-work' or sensitive individual. |
| Hygiene         | Keep away from foodstuffs and beverages             | No water bottles in area                               |

| <b>Spillage</b>     | <b>Action</b>  | <b>Precaution</b>  |
|---------------------|--|--|
| 50 ml to 1 Litre    | Contain and absorb with towel, dry sand or soil but not sawdust. | Ventilate area. Do not allow to enter sewers or water courses. |
| 5 Litre to 25 Litre | Dike with dry sand or soil. Recover usable content.              | Ventilate area. Do not allow to enter sewers or water courses. |

|                             |  |   |
|-----------------------------|--|---|
| <b>Handling and Storage</b> | Do not use near sources of ignition            | Store in Original container in cool place.                  |
| <b>Ecology</b>              | Biodegradable                                  | Liquid will evaporate readily.                              |
| <b>Disposal</b>             | Original liquid according to local regulations | Used or contaminated product: according to the contaminate. |
| <b>Transport</b>            | Road; Sea; Air;                                | Can travel; depending on Carrier.                           |

| <b>Physical and Chemical properties</b> |              |                            |             |
|---|--------------|----------------------------|-------------|
| <b>Boiling Point</b>                    | 180-239°C    | <b>Viscosity</b>           | 1.97 mPas   |
| <b>pH value</b>                         | 6.8 ±        | <b>Solubility in Water</b> | Insoluble   |
| <b>Appearance</b>                       | Clear Liquid | <b>Odour</b>               | Hydrocarbon |

| <b>Health Effects via route of entry</b> |   |                     |   |
|--|---|---------------------|---|
| <b>Ingestion</b>                         | Non-toxic.<br>If ingested Aspiration hazard.            | <b>Skin</b>         | Non-irritant. Can cause skin dryness.                                     |
| <b>Inhalation</b>                        | Not relevant at room temperatures.                      | <b>Eye</b>          | Non-irritant.   |
| <b>Mutagenicity</b>                      | This substance has no evidence of mutagenic properties. | <b>Reproductive</b> | This substance has no evidence of toxicity to reproduction or the unborn. |

| <b>Classification and labelling</b>   |                              |   |
|---|------------------------------|---|
| May be fatal if swallowed and enters airways.<br>Repeated exposure may cause skin dryness and cracking.                                       |                              |  <b>Danger</b> |
| If swallowed Do Not induce vomiting. Get immediate medical attention.<br>Wash hands thoroughly after handling. Keep out of reach of children. |                              |   |
| Contains  | Hydrocarbons and Citrus Oils |   |
